PRENTICEIANA. The editor of the Portland Democrat denies the imputation that he is "leaky." Certainly

he never holds water! The Washington Union talks boastfully of "the all absorbing Democratic party." No doubt it is a sponging concern.

The editor of the Southern Mercury gives his experience of "An Hour in the Penten-Pity it hadn't been a year.

John O. Bergen has been appointed postmaster in Alabama. It is to be hoped the DIRECT TO THIS PORT, FROM THE Government will not find him a bad J. O. B. The editor of the Southern Post says that he is "tied constantly" to his paper. Then it nught, for his sake, to be a whipping

Post. A Northern editor, retorting on an adversary, says: "Now this is a matter of taste-or rather of common decency-and something with which we have nothing to do." The editor of the New York Herald speaks in praise of roast beef. Probably he takes the meat pretty well done, but we have understood that he generally takes the hides

The Washington Union says that "the backs are divorced from the Democracy."-If they are, they had better not renew the IN BAGS AND BARRELS. A VERY EXmatrimonial connection, unless they are in a. burry to be widows.

The editor of the North Carolina Herald speaks of "six falsehoods pailed to the counter." As he seems to have counted them, we have no doubt of their being "nailed to

The Washington Union speaks of the principles of the Democratic party as the lever of the Republic. We guess that the party itself will shortly be a leaver of the world. The Detroit Advertiser says that "rats are continually guawing into the Treasury."-

Well, let them gnaw in. Rats, as everybody knows, die in an exhausted receiver, and we suppose they will share the same fate in an exhausted treasury. The Rochester Democrat says the Erie

canal is the heart of the prosperity of New York. The capal is being greatly enlarged, but we hope that New York's prosperity is not destined to die of an enlargement of the

The Charleston Mercury says of the vote, upon a certain measure in Congress, that, if one of the South Carolina members had not been called suddenly from the Hall, "the parties would have been balanced."-We suspect that the South Carolina member in question, far from being able to balance parties, was scarcely in a condition to balance himself .- Louisville Journal.

FOREIGN FRAGMENTS.

Mr. Charles Dickens is even more popular in the Provinces than in London. He commenced a series of readings at the Liverpool Philharmonic Hall on Wednesday evening, when upwards of 1200 persons were present.

--- The Emperor Napoleon, on the occasion of his recent fete, granted 1241 pardons or commutations of punishment, to 1020 persons condemned for crimes, and 221 condemned for offences. The future Duchess is a handsome person, thirty years of age, much admired in her own country and in France. It is said that the marriage is to take place on the Sth of September, the anniversary of the taking of the Malakoff ---- A German paper says the quickest rate of locomotion, after the electric spark, light, sound, and cannon balls, is ascertained to be the flight of a swallow. One of these birds liberated at Ghent, made its way to its nest at Antwerp in twelve minutes and a half, going at the rate of four miles and a balf a minute .- The zeal of the French police is enormous. One of the correspondents of the "Morning Post," appointed to chronicle the tour of the Emperor, was arrested at Auray, because one of his Chris tian names was Bernard. He was kept a prisoner for twenty-four hours, and then released without a word of explanation.
